Yehuda Bortz Senior Software Engineer

Saint Louis, MO • **(**314) 919-7020 • yehudabortz@icloud.com • LinkedIn • www.yehudabortz.com • GitHub

Senior Software Engineer with a proven ability to translate customer needs into elegant, efficient software solutions. I value and exemplify clear communication, and enjoy mentoring younger devs. My engineering passions evolve as I continuously learn and grow.

TECHNICAL SKILLS

JavaScript, TypeScript, Ruby, React.js, Next.js, Ruby On Rails,

Tailwind, GraphQL, CSS, HTML, StoryBook, Neo4j, PostgreSQL, Vercel

WORK EXPERIENCE

Shiba Inu
Senior Software Engineer, Jun 2023 - Present, Remote
- Mentored junior engineers, providing hands-on guidance in code reviews, and technology best practices.
- Led the Fiat to Crypto integration for shibthemetaverse.io, researching on-ramps and aggregators to expand payment options, resulting in an over 50% increase in payment success rate.
- Initiated and implemented org-wide GitHub templating, enhancing PR clarity, and code review efficiency.

Polygon.io
Frontend Engineer, Aug 2022 - Jun 2023, Remote
- Led the transition of the component library to TypeScript to modernize and enhance developer efficiency.
- Collaborated to design a Contentful-based system with Next.js 13 and Tailwind, accelerating product delivery.
- Constructed advanced UI elements using D3 for data visualization.
- Improved communication between all stakeholders to boost team collaboration.
- Advocated for and implemented Sentry.io, taking ownership of production bug resolution.
- Contributed to open source UI libraries and JavaScript SDK.

Klary
Full Stack Software Engineer, Apr 2022 - Jun 2022, Saint Louis
- Built the MVP using frontend and backend technologies such as React, SCSS, Redux, and TypeScript, and ROR.
- Designed API structure and leveraged Neo4j and Cypher for efficient data storage.
- Implemented fully automated CI/CD pipeline.

Flatiron School
Software Engineering Technical Coach, Jun 2021 - Jan 2022, Remote
- Mentored students in Ruby on Rails and JavaScript, using the Socratic method to collaboratively enhance their comprehension and skill set.

Xeragenx
Web Developer, Jun 2019 - Jun 2021, Saint Louis
- Spearheaded the overhaul of the company website, revitalizing brand image and internet authority.
- Conceived and built a custom ROR backend integrated with Webflow frontend system for seamless and efficient management of customer test kits reducing management time by 200%.

EDUCATION

Touro University
B.S., Business Administration and Management, Magna Cum Laude, 2016 – 2019
